Rue des Étangs Noirs 30, 1080 Brussels BE  
26 y.o.

*Creative and curious, I keep my eyes and ears wide open to the world and its people, always willing to make the most of every new experience and challenge. Resourceful and hard-working, I enjoy learning and shaping projects from start to finish, even more so as part of a team with people from different backgrounds. I have a strong interest in the relationship between culture, society and nature. With an entrepreneurial drive I strive to bring them together.*

## Skills and Competencies
